Endorsement of the statement of ESSIC

To Whom it May Concern,

This is the formal endorsement regarding the statement and the project of ESSIC - the European Self-Sovereign Identity Consortium. We ALASTRIA align with the given concept and principles of ESSIC and endorse their Intention.

Alastria, a non-profit association that fosters the digital economy by promoting decentralized / Blockchain technologies. It is one of the largest public-permissioned and multisectoral consortia in the world, in number of partners and diversity, born in Spain with a clear international vocation. Currently with more than 500 members of all sizes and sectors: companies (micro, SMEs and large companies), the Academy (universities, business schools, training centers, science and technology parks) and public administrations.

Alastria is considered a benchmark model in all key international organizations that work building the future of decentralized technologies (EBP, EBSI, ESSIF in Europe and LACCHAIN in Latin America and the Caribbean) and in standardization organizations related to blockchain (UNE, CEN / CENELEC, ISO, AND YOU). The Alastria ecosystem has more than 60 use cases to aid the understanding the economic potential of blockchain.

The endorsement of the statement of ESSIC is due ALASTRIA aim to keep on supporting partnership and development of an European approach to the Digital Identity use and adoption that includes a diverse view of the understanding of trust within technological, legal and social frameworks.

Yours sincerely,

Montserrat Guardia Güell
